CAL/EPA ENVIRONMENTAL JUSTICE SMALL GRANTS APPLICATION AND INSTRUCTIONS

A. Cal/EPA EJ Small Grants Program

(<http://www.calepa.ca.gov/EnvJustice/Funding/SmallGrants/default.htm>)

Assembly Bill 2312 Chu (Statutes of 2002, Chapter 994) established the Environmental Justice (EJ) Small Grants Program at the California Environmental Protection Agency (Cal/EPA) in the Office of the Secretary. The Cal/EPA Secretary, as authorized by California Code of Regulations Title 27, Division 1, Chapter 3, Article 1, has designated the Deputy Secretary for Science and Environmental Justice to administer the EJ Small Grants to assist eligible community-based, grassroots, non-profit organizations, and federally recognized tribal governments to address environmental justice issues. Eligibility of non-profit entities and federally recognized tribal governments are defined in the Public Resources Code (PRC) Section 71116. The maximum amount of a grant under this program is \$20,000.

B. Program Goals

The Cal/EPA EJ Small Grants Program is designed to provide financial assistance to eligible non-profit community groups and federally recognized tribal governments that are working on or plan to carry out projects to address EJ issues in areas adversely affected by environmental pollutions and hazards. The Cal/EPA EJ Small Grants Program will fund projects that address one or more of the following goals:

1. Enhance meaningful public participation.

Meaningful public participation is critical to the success of any effort to address and find solutions to environmental justice issues. It allows communities and affected stakeholders to effectively participate in environmental decision-making processes.

2. Promote community capacity building.

Community capacity building involves improving the communities' technical and procedural understanding as well as facilitating their participation in environmental decision-making processes.

3. Collaborate with academia and/or other governmental agencies to document data related to exposures and health complaints.

Collaboration amongst academia and/or other governmental agencies with affected EJ stakeholders in documenting exposures and health will encourage better understanding of environmental issues. This will improve relations between stakeholders and result in improved and informed decisions.

4. Promote community involvement in climate change emission reduction processes and programs.

Climate Change refers to all forms of climatic inconsistency, but because the Earth's climate is never static, the term is also properly used to imply a significant change from one climatic condition to another. California is the first state in the nation to establish a comprehensive program to address the potential impacts of climate change. Although climate change affects everyone, the California Climate Action Team Report states that "low-income and minority communities are also at greater risk as limited resources and current disparities

in health care limit the capacity of residents in these communities to adapt and respond.” Stakeholders in low-income and minority communities can provide invaluable insights and experience into the Climate Action Team’s efforts in developing and implementing climate change emission reduction programs.

- 5. Providing funds to continue and/or expand projects funded under the previous grant cycle that have proven effective with excellent progress and results.**

C. Funding Available

Two hundred fifty thousand dollars (\$250,000) in grant funds are available for this 2009 grant cycle. Cal/EPA will fund projects with the maximum grant amounts not to exceed \$20,000 per project. The grant term is from October 15, 2009, through October 15, 2010.

D. Eligibility Criteria

To be eligible for an EJ small grant, the applicant must be one of the following:

1. A non-profit entity. A “non-profit entity” is defined as any corporation, trust, association, cooperative, or other organization that meets all of the following criteria:
 - a) Operates primarily for scientific, educational, service, charitable, or other similar purposes in the public interest;
 - b) Not organized primarily for profit;
 - c) Uses its net proceeds to maintain, improve, or expand, or any combination thereof, its operations; and
 - d) Is a tax-exempt organization under federal Internal Revenue Code Section 501(c)(3), or is able to provide evidence that the state of California recognizes the organizations as a non-profit entity.
2. A federally recognized tribal government.

E. Not Eligible for Funding

- Individuals
- Entities or organizations that are tax exempt under federal Internal Revenue Code Section 501(c)(4).

F. Grant Timeline

Date	Activity

October 15, 2010	Grantees complete work on projects
December 15, 2010	Final Reports due

G. Application Requirements

1. All applicants must submit a completed and signed original and a copy of the EJ Small Grants application coversheet (Appendix 1) and an original and a copy of all required attachments.
2. Eligible non-profit community organization applicants only: In addition to the application, you must submit verification of federal Internal Revenue Code Section 501(c)(3) status or evidence of state of California recognition as a non-profit entity with the application. Failure to do so will result in ineligibility of award consideration.
3. Federally recognized Tribal government applicants only: In addition to the application, you must submit an approved resolution or letter of authorization from your governing Tribal body. The approved resolution for a Tribal government must be submitted, preferably with the grant application package on August 5, 2009, but no later than October 14, 2009. Select the designated signature authority carefully because only the person in the designated position will be able to sign all the grant documents to secure funds and implement the grant project (e.g. application, the Grant Agreement, and Payment Request Form). If a “designee” is authorized in the resolution, be sure to also include a letter signed by the signature authority indicating the title of the designee.

You must submit one of the following:

- a. An approved resolution from the applicant’s governing body which authorizes submittal of an application for the Cal/EPA 2009 EJ Small Grant Cycle and identifies the **title** of the individual authorized to execute any agreements, contracts, and requests for payment;
- OR**
- b. An approved resolution from the applicant’s governing body which authorizes the submittal of grant applications to the Cal/EPA for all available environmental justice grants under the California Code of Regulations Title 27, Division 1, Chapter 3, Article 1, and identifies the **title** of the individual authorized to execute any agreements, contracts, and requests for payment.
4. Only one application per applicant will be considered for a given project. Applicants may submit more than one application if the applications are for separate and distinct projects.

H. Application Deadline

Applications must be mailed to the Cal/EPA Headquarters Building, mailing address PO Box 2815, Sacramento, California, 95812, or hand-delivered to the Cal/EPA Headquarter Building, located at 1001 I Street, Sacramento, California, 95814, and received in the Cal/EPA Environmental Justice Small Grants Program office by **3:00 pm, Wednesday, August 5, 2009.** Applications submitted after the final submission date will not be accepted.

I. Examples of Project Activities

Proposed projects should have a clear focus on community specific environmental issues that address community or Tribal interests. Examples of project activities that can be pursued to meet one or more of the six goals listed on page 1 could include the following:

- Identifying and assisting EJ stakeholders to participate in the decision-making processes;
- Collaborating with academia and/or governmental entities to collect data in communities affected by environmental justice issues;
- Providing technical tools, information, or protocols for the target audience to better understand the environmental pollution and hazard issues;
- Enhancing community understanding about environmental issues which affect a particular community;
- Improving communication and coordination among EJ stakeholders and Cal/EPA entities to address exposures to environmental pollution and hazards.
- Providing bilingual services for hearings, workshops and outreach in non-English speaking communities;
- Promoting Tribal Government involvement in addressing environmental justice related issues and providing solutions to address them.

J. Eligible and Ineligible Costs

Eligible costs for funding include the following:

- a) Distribution of information to help resolve environmental problems;
- b) Identification of improvements in communication and coordination between stakeholders and Cal/EPA and its Boards, Departments, and Office (BDOs) in order to address the most significant exposure to pollution;
- c) Improvement of community/tribal government understanding about environmental issues that affect its community/tribal government;
- d) Promotion of community/tribal government involvement in the decision-making process that affects the environment of the community/tribal government; and
- e) Enhancement of community/tribal government understanding of environmental information systems and environmental information.
- f) Other costs deemed eligible by Cal/EPA consistent with State law.

Ineligible costs for funding include the following, but are not limited to:

- a) Lobbying or advocacy activities relating to any federal, state, regional, or local legislative, quasi-legislative, adjudicatory, or quasi-judicial proceeding involving development or adoption of statutes, guidelines, rules, regulations, plans or any other governmental proposal, or involving decisions concerning siting, permitting, licensing, or any other governmental action.
- b) Litigation, administrative challenges, enforcement action, or any type of adjudicatory proceeding.
- c) Funding of a lawsuit against any governmental entity.
- d) Funding of a lawsuit against a business or a project owned by a business.
- e) Matching state or federal funding.
- f) Other state grant programs.
- g) Performance of any technical assessment for purposes of opposing or contradicting a technical assessment prepared by a public agency.
- h) Other work deemed ineligible by Cal/EPA, consistent with state law.

All expenditures must be only activities, products, and services included in the approved Work Plan (Appendix 2) and approved Budget (Appendix 3). All expenses (including services and goods expenses) must not be incurred before receiving the Notice to Proceed (see section K).

Important: Any proposed revision to the Work Plan and/or the Budget must be submitted, and pre-approved **in writing** by your Grant Manager, prior to Grantee incurring the proposed expenditures. The approval for revision document should be retained by the Grantee for audit purposes.

K. Application Review, Grant Agreement, Notice to Proceed

1. **Application Review** - Cal/EPA EJ Small Grant Program staff will review applications for adequacy and eligibility. Upon determination that an applicant is eligible, the staff will review, evaluate, and rank the project proposals. The Secretary will make the final selection of projects to fund in consideration of staff's recommendations. The Secretary reserves the right to not award any or only a portion of the Cal/EPA EJ Small Grant, subject to funding availability. All applicants will be advised by a letter sent via U.S. mail of the Secretary's decision.
2. **Grant Agreement** - Following the Secretary's approval of the Grant, the successful applicants will be mailed a Grant Agreement, *Final Procedures and Requirements*, and *Final Terms and Conditions*. These documents, along with the applicant's approved Budget and Work Plan, comprise the Grant Agreement.

The signatory designated by the Applicant's Coversheet (for eligible non-profit applicants only) or Approved Resolution (for Tribal governments only) will be required to sign the Grant Agreement and return it to the Cal/EPA EJ Small Grants Program staff **within ninety (90) days** from the date of mailing by the Cal/EPA. **Important:** If a proposed project cannot be executed within 90 days of grant award attributed to the applicant, then the applicant will be disqualified and the grant may not be funded.

3. **Notice to Proceed** - Once the applicant's signed resolution is received and then executed by the Cal/EPA EJ Small Grants program staff, a Notice to Proceed letter will be mailed to the grantee as notification for approval to proceed with project implementation and expenditures.

N. Proposal Narrative – Scoring Criteria

The narrative of your proposal should include clear and succinct responses to the questions in the following table titled Scoring Criteria. The narrative must clearly and concisely describe and justify each task presented in the proposal. A well-prepared application will address each question briefly, thoroughly, and pay specific attention to each of the points listed in the Scoring Criteria. Your narrative is limited to 15 pages. **The applicant is responsible for supplying sufficient detail for the review panel to fully evaluate the proposal. You must not assume the review panel knows anything about your organization or previous program experience.**

Attachments to support the proposal narrative are NOT included in the fifteen (15) page limit, and include:

- ☐ Application Cover Sheet (Appendix 1)
- ☐ Resume(s) of up to Three (3) Key Staff Involved in the Project, including the Project Lead
- ☐ Letters of Support (if applicable)

TIPS FOR APPLICATION WRITING:

Clearly respond to each question so that your response can stand alone and this makes it easier for the review panel to score your application. Do not worry if you seem to be repeating yourself—try to be clear and concise in your response or refer directly to the page where you may have addressed an issue earlier.

INSTRUCTIONS: The following format must be used to complete this exhibit. **All questions in the following template must be answered by the applicant.** This must be legibly printed or typed double-sided on 8 ½" x 11", with all pages numbered consecutively. This must be single-spaced, have one-inch margins and minimum 12-point font. Do not include attachments other than those requested.

Applicants will be ranked based upon the scoring criteria listed below. Proposals with the highest scores will be considered for funding first. **Applications that are not complete will not be considered for scoring.**

SAMPLE WORK PLAN

INSTRUCTIONS FOR COMPLETING THE WORK PLAN: The Work Plan must list all activities described in the Proposal Narrative that are necessary to complete the proposed project. In the first column, number the major tasks for your project. In the second column, describe the proposed activities to be undertaken in order to accomplish the task. In the third column, state who (by name) will be the lead for that activity (Be sure to submit resumes for at least 3 key staff listed in the Work Plan who will be involved with implementing the project). In the last column, note the beginning and end date for each activity.

SAMPLE BUDGET

Tips for Developing Your Budget:

Appendix 3 is an example of how a budget should be itemized. This may not apply directly to your proposed project, but is included to give you an idea of the level of detail expected.

Round budget line items to the nearest whole dollar. Items less than fifty cents should be rounded down and those at fifty cents or more should be rounded up.

Time spent by a staff performing an activity directly related to the execution of the grant (not supervision), such as speaking at events, drafting program materials, etc., is a direct cost and should be charged to the appropriate activity. Any such activity must be clearly supported by appropriate documentation.
